

Dear 1st grade Families,

Thank you all for a wonderful 1st week of school! It has been so fun getting to know each of our students. I wanted to pass along some information to you in regards to some of our textbooks. We will be beginning our 1st grade curriculum this week. Last week was focused on policy and procedure.

Here is the link to our reading series (it is also printed on your parent magnet). After each unit (there are 5 stories in each unit) we have a review week where we review all the previously learned skills and then give a unit assessment. This is a great time to review; during this week there will be no new spelling patterns meaning all spelling words will be pulled from previous weeks.

www.mhln.com
access/class code: DF07D2491A

For our math series, I have (for the meantime) created a generic access username and password. The names have not yet migrated over (this has something to do with the county) and once they move over, I can give you a more personalized username and password.

www.pearsonsuccessnet.com
username: hamlinclass1
password: debary1

Our science series is one that is unique to everyone.

www-k6.thinkcentral.com
username: 1._____ (alpha id)
Password: mmddyyyy

If you do not have your student's alpha id, please e-mail me or send me a note, call the office, and we can let you know. For future reference, this is always a good piece of information to have on hand as this is how your student will be identified in the county (as a former Volusia County student, I still remember mine! Ha!).

I do not have any information on our Social Studies text but as soon as I do, I will pass that information along to you.

We strongly encourage you to review the stories, skills, and lessons with your student at home. We cover a lot of skills in first grade and will build skill upon skill. It is our goal to teach to mastery.

If you have any questions about our textbooks or have problems with logins, please do not hesitate to contact us.

Educationally yours,

Mrs. Hamlin and Ms. France
